Mr. Walker then talked to Jim Miller who suggested that Mr. Walker send Mr. Stratford a certified letter explaining to him that he is in violation of the court order and if it was not corrected immediately that there will probably be some kind of court action. Mr. Hart said that Mr. Walker has worked hard with the prosecutors' office and that Mr. Walker has no other options but to proceed with the prosecutors' office. Mr. Miller agreed.

Robert Snedden mentioned that at the last meeting he attended Mr. Hart said that when Robert Sneddens' son owned the property that it was then that they made the road wider and Robert Snedden asked if there were road records to show that. Mr. Hart said that he did not say that and what he did say was that the road is where it was when he reacquired the property from his son in 2001. Robert Snedden mentioned that people are coming onto his property and hitting his things. Mr. Hart said that we need to wait on the true line centerline and then we are going to file whatever legal documents necessary to get an injunction for him to remove everything from the clear zone. Mr. Hart told Robert Snedden that he is intentionally leaving the items there creating a nuisance and a hazard and that he should talk with his insurance company because he is liable for any accident that is caused from the items being there, not the township. Mr. Hart asked Robert Snedden, to again, remove the items that are in the clear zone. Mr. Hart also mentioned that anything that touches the road will be removed. Mr. Miller agreed.
